Dear Mr. Monastrial,

I wanted to thank you for your wonderful portrayal of Richard Jenkins in our recent Graveyard Tour. Not only was it kind of you to agree to taking on the role, but in the tour I took, I saw people around me actually tearing up as you spoke. For our guests, you *were* Richard Jenkins, and they felt your love for this place. I thank you for that.

In fact, the entire evening went well beyond my wildest dreams. People kept stopping me to say how great it was. My favorite moment was when three teenaged girls came up to tell me it was their best history lesson ever.

I hope you will consider joining us again for future tours - I know your passion will help make them equally great successes.

So, thanks once more.

Sincerely,

The Rev. Chuck Kramer,
Rector
